

Atlantic Development and Investments, Inc. is an active supporter of Sails Up 4 Cancer, a nonprofit organization dedicated to funding research in the education, prevention, and cure for all types of cancer through the art and enjoyment of sailing. Each year we contribute to the Annual SU4C regatta held in Connecticut.

About [Sails Up 4 Cancer:](#)

Since 2011, Sails Up 4 Cancer has partnered with local yacht clubs, sailing clubs and other like minded organizations to host regattas to raise money for funding in cancer research, education and prevention. SU4C has named the new Lawrence & Memorial Cancer Center as the principal beneficiary of its upcoming fundraising regatta, again showing the organization's commitment to cancer research and community support.
